

# Living Safely

with disabilities and special health needs

## When to Call 911

Dial 911 on the phone **ONLY** when there is an emergency. An emergency is when you need urgent help from the police, fire department, or rescue squad.

Some examples of emergencies include:

- Fire
- Someone fell and got hurt badly
- Someone is choking
- Someone is bleeding a lot
- Someone is severely burned
- Someone can't breathe

If you are unsure if something is an emergency, ask a responsible adult.

We value the expertise of our partners in safety who have demonstrated their commitment to inclusive healthy communities.
