Holiday Decorating Safety

Children's
Specialized Hospital®

An RWJBarnabas Health facility

I hang breakable ornaments near the top of the tree, out of reach from pets and small children.

Some popular holiday plants are poisonous to children and pets, including mistletoe, poinsettias, and holly berries.

I keep harmful plants out of reach.

In a poison emergency, I call the national Poison Control Center at 1-800-222-1222.

I should always be aware that small holiday decorations can be a choking hazard for small children and pets.
