

# CPAP Clinic

**Have you been diagnosed with Sleep Apnea and have trouble using CPAP?**

**Are you having discomfort and irritation with your CPAP mask?**

**Are you completely frustrated with CPAP and need help?**

Our experienced Clinical Sleep Educator can assist you with your CPAP concerns, including difficulty falling asleep, poor mask fit and leaks, claustrophobia, or trouble breathing with the mask. Our 30-45 minute clinic will review, educate and advise you with the appropriate recommendations to improve overall compliance.

Contact the Sleep Center today to schedule an appointment.

The Center for Sleep Disorders is accredited by the American Academy of Sleep Medicine.

## Center for Sleep Disorders

is a state-of-the-art facility that provides professional consultation, diagnostic, and treatment services for patients aged 5 years and older, for all types of sleep disorders.

To schedule an appointment for the CPAP clinic, please contact:
