

Red Cell Transfusion Practices: Can High Intensity ICU Staffing Stem the Tide? Fless KG, Pierre-Louis F, Yodice PC, Rezai F, Annan E, Jasani N. ICU Director, January 2013, vol 4 (1)11-14.
10.177/1944451612467534

The Role of Quality Measures in a Pre- and Post-Decision Analysis of an Organizational Change. Gray EH, Gray I, Yodice PC, Rezai F, Fless K. Quality Management Journal October 2011 Vol 18 No 4.

Inspiratory Muscle Weakness in Diastolic Dysfunction. Laviertes MH, Gerula CM, Fless KG, Cherniack NS, Arora RR CHEST 2004; 126:838-844.

Ashtyani H, Fless K. 2002 "Non-traditional Approaches to COPD", in COPD The Silent Killer, eds. Hedrick H, Kutcher A, The Scarecrow University Press, Maryland pp107- 111

Deny the UTI: Say "Never" to CAUTI. Kumar E, Yodice P, Fless K, Rezai F, Mistry N, Ovnanian V, Grimes L, Yaney E, Russell MB, Brown Wright, L. Accepted Critical Care Congress, February 2016

The Case of the Vanishing Lung. Saha B, Kreiswirth B, Fless K. Critical Care Medicine. 43(12):181, December 2015

Cancer Related Thrombotic Microangiopathy: A Deadly Disease. Saha B, Syed B, Sapru S, Mistry N, Fless K. Critical Care Medicine. 43(12):97, December 2015

Knitting Pneumonia? Saha B, Sapru S, Fless K. Chest 2015;148(4_MeetingAbstracts):622A-622A.
doi:10.1378/chest.2271650

An Unusual Natural History of Metastatic Basal Cell Carcinoma. Saha B, Sapru S, Fless K. Chest 2015, 148(4_MeetingAbstracts):542A-542A. doi:10.1378/chest.2268322

Rare Presentation of Cardiac Tamponade in a Patient with Hypothyroidism. Sharma S, Basmadjian C, Gupta G, Raghavan Pillai P, Rezai F, Fless K, Yodice P. Critical Care Medicine. 42(12):A 1662-A 1663, December 2014

A Case of Deadly Varicella Pneumonia in an Immunosuppressed Patient. Saha B, Wang-Kocik C, Yodice P, Rezai F, Mistry N, Fless K, Critical Care Medicine. 42(12):A 1657, December 2014

Chronic Q Fever: A Rare Case of Endocarditis and Embolism. Sharma S, Wong J, Ivanovic a, Baig F, Rezai F, Fless K, Mistry N, Pierre-Louis F, Yodice P. Chest 2014; 146 (4_MeetingAbstracts):308A-308A.
doi:10.1378/chest.1991706

QRS Duration as a Prognosticator of ICU Sepsis Mortality Rezai F, Junaid N, Prayag P, Hasnain M, Handler N, Sivan S, Yodice P, Mistry N, Fless K. Chest. 2014; 146(4_MeetingAbstracts):235A-235A.
doi.10.1378/chest.1990213

Does the STOP-Bang Questionnaire Predict Severity of Obstructive Sleep Apnea in Patients Undergoing Bariatric Surgery? Fless K, Paragi P, Tarigopula R, Wentworth C, Patel R. Chest 2014; 146(4_MeetingAbstracts): 935A-935A. doi:10.1378/chest.1988864

Implementation of a Formal Mobility Protocol Screening Tool in the Intensive Care Unit (ICU). Fless K, Modica T, Wing J, Yodice P. *Critical Care Medicine*. 41(12):A21-A22, December 2013.

Are we overtesting for HIT? A retrospective review in a critical care unit. Lakhera Y, Jacobs Thomas J, Rezai F, Fless KG, Yodice PC, Litinski M. Accepted for presentation American College of Chest Physicians, October 2013.

Hydralazine (HY) Induced Antineutrophil Cytoplasmic (ANCA) and Antinuclear (ANA) Positive Pulmonary-Renal Syndrome (PRS) Kassa Y, Tarigopula R, Ritter J, Fless K, Zenenberg R. *National Kidney Foundation* 2013

Globicatella Sanguinis Meningoencephalitis and Acute Brain Abscesses in an Immunocompromised Patient. Assefa S, Rezai F, Delman M, Fless K, Litinski M, Yodice P. *Critical Care Medicine*. 40(12):1-328, December 2012

Rare Complication of a Surgical Intervention for the Treatment of Trigeminal Neuralgia. Patel A, Siddiqui U, Arora N, Rezai F, Fless K, Yodice P. *Critical Care Medicine*. 40(12):1-328, December 2012

Cardiovascular Morbidity Complicating Subarachnoid Hemorrhage Yacoub K, Fless KG, Yodice PC, Rezai F, Litinski M American College of Chest Physicians, presented October 23, 2012.

Impact of a Hospital wide Policy on Clostridium Difficile testing using the Cepheid System® Kumar E, Fless KG, Yodice PC, Rezai F, Litinski M. Accepted for presentation by Association for Professionals in Infection Control and Epidemiology, 2012

Annual Educational and International Conference, San Antonio, Texas. Volumetric Diffusive Respirator Improves Oxygenation in Acute Hypoxemic Respiratory Failure: One year's Experience in a Community Hospital. Chavda C, Patel H, Fless K, Yodice P, Rezai F, Litinski M: *Critical Care Medicine* 39(12):232, December 2011

Assessing and Improving End of Life Training in a Multicultural Residency Program Sidhu, N; Chauhan, B; Fless K; Rezai, F; Yodice, P *Chest* October 2011 140:4 Meeting Abstracts 259A; doi:10.1378/chest.1085308

Do High Endotracheal Cuff Pressures Lead to Failed Extubation? Rezai F; Sidhu N; Fless K; Chakravorty V; Patel A; Yodice, P. *Chest* October 2011 Meeting Abstracts 415A; doi:10.1378/chest.1095948

An Unexpected benefit from a Closed ICU Model and a Weaning Protocol in the Intensive Care Unit. Fless KG, Rezai F, Yodice PC, Society of Critical Care Medicine meeting, abstracts 2010 38:12, 364.

Noninfectious Diarrhea: Impact on the resource utilization in the Intensive Care Unit. Hasham A., Fless KG, Gray EH, Rezai F, Yodice PC. Accepted and presented CHEST meeting, abstract Oct 2010

Outcomes Associated with Prolong Infusions of Piperacillin/Tazobactam in Critically Ill Patients. Schiller D, Rezai F, Meadows M, Gray E, Fless K, Chamberlain R, Yodice P, Cheadle W. presented at the Surgical

Infection Society meeting, Las Vegas, Nevada, April 2010, also accepted and presented at the New Jersey Society of Health-System Pharmacists meeting, East Brunswick, New Jersey, April 2010

Marijuana use and the development of status asthmaticus: A case report. Lanteri, A., Bhangle S., Fless K. Eastern Allergy Conference May 2010 meeting abstract High Intensity Staffing Model reduces Ventilator Associated Pneumonia Patel N, Fless KG, Rezai F, Gray EH, Yodice PC CHEST meeting abstracts 2009 136:115S-c

Identification of Interferon- α Producing Plasmacytoid Dendritic Cells in Bronchoalveolar Lavage from Patients with Lung Cancer and Other Pulmonary Diseases. Ryan LK, Lavietes MH, Fless KG, Fitzgerald-Bocarsly P. Proceedings of the American Thoracic Society, 2005. A857

Etiology of Pulmonary Nodules in HIV infected Patients Authors: M.M. Park, K. Fless, R.N. Aurora, V. Chang Accepted to American Thoracic Society 2002. Original research project whose aim was to identify the etiology of pulmonary nodules (malignant vs. non-malignant) as well as survival in an HIV- infected cohort of patients referred to the pulmonary consult service at the VA New Jersey Healthcare System of East Orange over a ten year period. Metastatic Basal Cell Carcinoma Presenting as a Solitary Pulmonary Nodule Kim, J. Fless, K. presented at CHEST meeting abstracts 2005 128: 442S

Fless K Abstracts & Analysis: Detection of active tuberculosis by an MPB-64 transdermal patch- a field study (Perspectives). MD Consult Infectious Diseases. June 20, 2002. Available at: <http://www.mdconsult.com> Accessed June 20, 2002.
