

Dear Parent,

Welcome to the Pediatric Rehabilitation Center located at the Atkins Kent building. We are pleased to provide a plan of care for your child that will address his/her physical and occupational therapy needs. Please take a moment to review the contents of this packet of information. Enclosed you will find:

- A copy of your patient agreement. This document reviews our guidelines for prescriptions, insurance information, appointment scheduling and provision of services.
- Patient satisfaction survey card - You may receive a patient survey in the mail that asks you to evaluate your patient experience with us. We value your input and feedback about the care that we provide. Please take a moment to complete this survey to let us know how we are doing.

In addition, there are two parking spots in the front of the building near the pond that are designated for our facility (Suite 210) marked with signs, for your convenience.

We look forward to working with you and your child toward good health! Please call 973 322-6363 with any questions regarding your therapy.
