Fund the Cause

Your support makes a difference.

Hospice offers our patients and their families many programs that are donor-funded. Sponsoring a package that Funds the Cause is an integral part of keeping these programs sustained not only for those we serve today but also in the future.

WHICH CAUSE WILL YOU

Fund?

Paws for Patients

A pet therapy program that offers our patients and their families the unique gift of unconditional love from a certified therapy dog and volunteer.

Community Outreach

Helps us educate and empower the community about advance care planning and end of life care by offering customized programs to meet the needs of our audience. One comment we frequently hear from families served by our program is that they wished they had used hospice services earlier for their loved one. This program helps reach families before services are needed and earlier in the disease process.

Bereavement Program

Our bereavement department offers one on one counseling, specialized support groups and grief seminars to our families 13 months following the loss of their loved one. As part of our commitment to the community, we also offer bereavement support to anyone who needs it.

Bear Hugs Program

Our specially trained volunteers handcraft a memory bear using an article of clothing that their loved one once wore. The memory bears provide comfort to those who remain by giving them a tangible memento which honors the memory of their loved one.

Music & MemorySM

Helps patients find renewed joy in music that matters to them most by providing an iPod Shuffle with a personalized playlist. This program helps improve quality of life and often reduces depression and anxiety while triggering meaningful memories that aren't defined by an illness or disease. We are the first hospice agency in New Jersey to participate in the program.

Final Wishes

Empowers each hospice team member to help make the most of our patients last days. Whether it is taking a patient to the zoo with family, going to the salon for day of relaxation and beauty, taking one last family photo, or buying an air-conditioning unit for someone who has trouble breathing in humid weather, this fund was created especially for the moments that mean so much.

We Honor Veterans Program

The vet-to-vet volunteer program aims to pair veteran volunteers who have the unique ability to relate and connect with hospice patients who have served in the military.

Levels OF SUPPORT

Fund the Cause Sponsorship – \$20,000

- Select a program to support that needs your help
- Eighteen complimentary guests to the evening cocktail reception
