

# DID YOU KNOW...

RWJBarnabas Health  
is bringing  
**primary  
care hubs**  
closer to you to  
keep you healthy  
close to home.

CMC is one of **17 hospitals  
nationwide** to earn all three  
**Women's Care Excellence Awards**  
from Healthgrades

**CMC's teaching hospital  
continues to grow!**  
Our Medical Education program  
enters its second year

Did you know that Community Medical Center (CMC) is embarking on the most transformative campaign in CMC's history to support a series of ambitious projects that will enhance how care is provided in the hospital and in the community?

What will this Transformation include? The Master Facility Plan includes significant renovations of the Emergency Department and other units and enhancements of Outpatient Services. Most exciting, we have become a teaching hospital, bringing Graduate Medical Education to CMC.

This Transformation will result in wide-ranging positive impact on patient services with consistent delivery of quality care. We are here for you, your families, and your employees.

Scan to learn more about how you can  
help to support our CMC Transformation.

# WE CONTINUE TO MAKE IMPACT TOGETHER

**Did You Know...** CMC is renovating the Hirair and Anna Hovnanian Emergency Pavilion (ED) to ensure emergency patients receive prompt, exceptional care. Highlights include a triage area for walk-in and ambulance patients; radiology services such as CT scans right in the ED; dedicated areas for specialized care such as behavioral health; and design features that make the space more calming, efficient and convenient.

**Did You Know...** In 2021, CMC became an academic medical center, welcoming its first residents—physicians who have graduated from medical school and are now developing more specialized knowledge and experience in a variety of disciplines. This past summer, CMC welcomed its second class of resident physicians—12 residents in Internal Medicine, 13 in Emergency Medicine, three in Podiatry and four in General Surgery, a new area of training being offered for the first time this year.

**Did You Know...** CMC earned all three Women's Care Excellence Awards from Healthgrades, ranking as one of only 17 hospitals nationwide to receive all three honors. Healthgrades' Obstetrics and Gynecology Excellence Award™, Labor and Delivery Excellence Award™, Gynecologic Surgery Excellence Award™ and 5-Star Recipient Awards recognize the hospital's superior care for women during labor and delivery and gynecologic procedures. Community placed among the top 5% of hospitals evaluated for labor and delivery and gynecologic surgery, and among the top 10% evaluated for obstetrics and gynecology.

**Did You Know...** CMC's Women Center and Ocean Women's Healthcare Group, PA, a practice of the Combined Medical Group of RWJBarnabas Health and Rutgers Health, can now be found at the Barnegat 67 shopping center, located at 770 Lighthouse Drive. This Center offers state-of-the-art care in one convenient location, another step to bringing important health care services and providers closer to home for local residents.
