Dear Margie,

As the President of the Livingston Area Chamber of Commerce, I would like to express my gratitude for the hospital's long term commitment in supporting our organization.

I have been an active member of the Chamber for almost 30 years and there has not been a time that the hospital has not been an active member, both supporting events with financial sponsorships, but more importantly by having hospital employees always physically at events and as an active member of our Board of Directors.

With Livingston being a community of active volunteerism, it is good to be able to know that one of our community anchor organizations has always been one of our most dependable.

Thank you for the past support and your continued anticipated support in the future.
