PAUL MCCLOUD  
CHIEF EXECUTIVE OFFICER

It is my pleasure to express our strong support for RWJBarnabas Health and the renewal of State-appropriated funds to RWJBarnabas Health (RWJBH) in the FY 2027 New Jersey State Budget. Monmouth Family Health Center is a community-based nonprofit dedicated to improving the overall healthcare of underserved individuals in Monmouth County and the surrounding communities. Our organization has worked closely with RWJBH for over 20 years to make our community healthier. These State-appropriated funds allow RWJBH to support community-based programs like ours that directly address barriers to health and wellness.

Our mission is deeply aligned with RWJBH's commitment to building and sustaining healthier communities. RWJBH's role as an anchor institution, and its long-standing focus on addressing barriers that drive poor health outcomes, makes its partnership essential to the work we do. Through our collaboration, RWJBH has supported our year-round programs by providing volunteers, participating in community-based activities and assisting with much needed resources.

We have worked closely with RWJBH for several years, and this partnership has proven consistently reliable, impactful, and mission driven. Their expertise, community outreach infrastructure, and ability to mobilize resources have strengthened our programs and increased our capacity to serve vulnerable individuals. The continuation of State-appropriated funds to RWJBH is critical: without these funds, the system's ability to support community partners like ours would be significantly diminished. Reduced investment would directly affect the number of families we can reach and hinder our shared efforts to address the medical needs of the people in our community.

We express our sincere appreciation for our partnership with RWJBarnabas Health and remain grateful for their ongoing commitment to building and sustaining healthier communities throughout New Jersey.

Sincerely,

Paul McCloud

Chief Executive Officer
