

PAPER MILL PLAYHOUSE

It is our pleasure to express Paper Mill Playhouse's strong support for the continued investment of RWJBarnabas Health in community partnerships. Paper Mill Playhouse is a nonprofit theater dedicated to producing world-class musical theater and providing arts education and community engagement programs that serve individuals and families throughout New Jersey. Support from RWJBarnabas Health allows our organization to strengthen programs that contribute to the well-being of the communities we both serve.

Our mission aligns closely with RWJBarnabas Health's commitment to improving quality of life and supporting communities across New Jersey. While Paper Mill Playhouse is not a healthcare provider, both of our organizations play long-standing roles in the lives of the people we serve—supporting learning, connection, and personal growth. RWJBarnabas Health recognizes the important relationship between the arts, education, and overall well-being, and their partnership has helped ensure our programs remain accessible and inclusive.

Our relationship with RWJBarnabas Health is well established, collaborative, and grounded in shared purpose. RWJBarnabas Health's support is vital to our ability to provide programs that enrich lives, foster connection, and strengthen the communities we serve. Continued support is critical to sustaining this work and ensuring that organizations like ours can continue to serve communities in meaningful and lasting ways.

Continued investment in RWJBarnabas Health's community partnerships is essential to sustaining organizations that support the social and emotional well-being of communities across New Jersey. We are sincerely grateful for our partnership with RWJBarnabas Health and for their continued commitment to community well-being.

Sincerely,
Leigh Schaedel
