On behalf of Our Lady of Guadalupe and our Business Administrator, Cori Scotti, I would like to express our strong enthusiasm in supporting the RJBarnabas Health Family. Ms. Scotti also serves as the Co-Chair of the Lakewood Community Coalition alongside Captain Allaire of the Lakewood Police Department. Together, they work closely to support, strengthen, and advocate for the needs of our community through ongoing collaboration, outreach, and partnership.

We are proud to highlight our valued partnership with RJBarnabas Health. Together, we have worked to strengthen the connection between our organization and the community we serve. Through shared initiatives, outreach efforts, and ongoing collaboration, we have built a meaningful bridge that continues to grow and support the needs of our community.

Through the support of state-appreciated funds, our church and community have been able to experience and benefit from a wide range of events and services—from breast cancer screenings to COVID-19 vaccinations. RWJBarnabas Health has been diligent in providing resources to our Hispanic community and the Lakewood Community Coalition. They have also assisted families in need by providing car seats, baby items, and other essential resources.

Their support greatly enhances our programs and strengthens the bridges we are building with our community of 5,000 people and growing. Our collaboration is of utmost importance, as our community relies on the expertise, programs, and services that RWJ Barnabas Health provides. We look forward to continuing this partnership and working together toward a healthier tomorrow for all.

Please feel free to contact me.

God bless you.

Sincerely,

Rev. Guilherme A. Andrino

Pastor
