

## **RWJBarnabas – CMC Physicians Communication**

Welcome to TigerText! TigerText is our HIPAA compliant texting application that allows you to communicate in 2-way, real-time, and see a message Read status. You can now securely text Protected Health Information with your RWJBarnabas colleagues to coordinate effective patient care.

TigerText is an organizational option for using your mobile device or desktop to communicate patient-related information.

Access the Mobile App with the email address you have on file with the Medical Staff Office. Include the correct email address and you should be assigned a temporary password, which will be sent to the same email address you used to login.

Please watch these videos on how to quickly download and use the free application:

*Android:*
