

Visitation Guidelines

Please help us to stop the spread of contagious respiratory illness.

- Masking is strongly encouraged for all providers, staff, patients, visitors and vendors at all times in the presence of patients.
- Masking is **REQUIRED** for all patients who present with respiratory symptoms, as well as all staff members and providers caring for them.
- Every patient has the right to request their provider(s) and/or staff wear a mask when treating them.

Upon checking in, please let a member of our team know if you are experiencing any of the following:

1. If you have a fever or have felt feverish in the last 24 hours or are experiencing COVID-19 or flu-like symptoms. **Possible symptoms include, but are not limited to:**
 - Fever or chills
 - Shortness of breath or difficulty breathing
 - Muscle or body aches
 - New loss of taste or smell
 - Congestion or runny nose
 - Diarrhea
 - Cough
 - Fatigue
 - Headache
 - Sore throat
 - Nausea or vomiting
2. If you have been diagnosed with COVID-19 (or another contagious respiratory illness, such as influenza or RSV) within the last 10 days.
3. If you have had close contact with someone with COVID-19 infection (or another contagious respiratory illness) in the last 10 days even if you are asymptomatic.
