How to Check-in From Home on your smartphone or tablet:

Sign In

Enter child's first and last name, along with their date of birth.

1

Register

Select the appointment you would like to check in for.

2

Answer Prompts

Answer the two following questions and enter your mobile phone number.

3

Insurance

Confirm your insurance information is correct as you see on the screen.

4

Copayment

Review and pay your coinsurance/ copay.

5

Registration Complete

Upon arrival check in at the registration desk to be directed to the appointment.

6

Scan for
FAQs

Did you know that you can quickly check-in for your child's outpatient appointment from home?

Through our Check-in From Home Program, Children's Specialized Hospital offers patients/families a simple way to check-in and make payments from the comfort of your home

Does Your Child Struggle to Understand the Emotions of Others?

If your child:

- has sustained a traumatic brain injury (TBI) at least 1 year ago
- is between the ages of 9-17 years old
- is experiencing difficulties in understanding others emotions
- has no other neurological illness
- is able to speak and read English fluently
- is able to use a computer

They may be eligible to participate in a new study investigating whether an emotional processing program can improve the interpretation of others emotions in children and adolescents following traumatic brain injury (TBI).

Requirements:

- 45 minute screening evaluation for full study inclusion.
- 8 weeks total of participation broken down in the following:
- **Week 1:** 3-hour visit for paper-and-pencil tests and questionnaires.
- **Weeks 2-7:** 45-60 minute sessions twice per week for six weeks, during which your child has a 50/50 chance of either undergoing experimental treatment for processing emotions or participating in computer exercises.
- **Week 8:** 3-hour visit for paper-and-pencil tests and questionnaires.

This study can be completed entirely remote! Testing will take place using a HIPAA compliant online platform.

Participants who complete this study will receive \$300 for their time.

Swimming on the Spectrum

by [Ocean County YMCA](#)

1 on 1 Swim Lesson

The Ocean County YMCA is proud to offer our Adaptive Swim Program-SWIMMING ON THE SPECTRUM. Classes are open to children and adults with intellectual and/or physical disabilities.

SWIMMING ON THE SPECTRUM is an ABA (Applied Behavior Analysis) inspired adaptive water safety/swim program for children and adults on the autism spectrum. The program offers an individualized curriculum, meeting each swimmer at their ability, as they work toward mastering water safety skills. Our Adaptive Swim Classes are designed to give each and every person the skill and knowledge to be safe in and around the water, but most importantly, to have fun and enjoy!

Ages Child to adult

Registration \$25 per scheduled lesson

NJDOE's Transition Toolkit

New Webinar Alert!

Special Education Webinar Series The Arc of New Jersey Family Institute Transition planning begins at age 14 when the student and their IEP team start to discuss long term goals of postsecondary education, employment, and daily-living skills.

These services should always be a combination of in-class instruction and community-based experience aimed at helping a student achieve their long-term goals. This presentation will provide an overview of the resources available through the New Jersey Transition Toolkit located on the NJ Department of Education website. The Transition Toolkit can help parents and professionals understand their role in preparing children for life after high school and also contains information about state agencies that can assist in transition.

Register [Here](https://bit.ly/doetransitionwebinar): bit.ly/doetransitionwebinar

Tips for Families for Preschool Disabled

page 1 of 4

There are many benefits to getting a jump start on your child's development. We are fortunate to have in the State of NJ through our public school districts wonderful programs for children who need some extra help.

This is the perfect opportunity for you to participate in your child's education from the start. If you, your child's doctor, or therapist have concerns about your child's development, your child may receive a free evaluation in their local school district to determine if they are eligible for free special education services during the preschool years.

The Individuals with Disabilities Education Act (IDEA) –identifies which children are eligible to receive Preschool Special Education services.

There are two sets of criteria:

1) Age Requirements:

To receive Preschool Special Education services, your child must be at least three years old.

Preschool Special Education services may continue until your child enters or is eligible to enter kindergarten.

2) Requirements Related to Disability: In addition to the age limits, to receive Preschool Special Education services, your child must (1) have a disability; AND (2) need special education and related services because of the disability. (N.J.A.C. 6A:14-1.1 General Requirements)

Tips for Families for Preschool Disabled

page 2 of 4

Steps to Follow:

Contact your local school district to find out the name and address of the Director of Special Services or the Supervisor of Special Services.

Write a short letter expressing your concerns for your child. (Sample template on back)

Mail, email, or personally deliver the letter to your school district. Keep a record of the person and date of when the letter was received.

If you do not hear from the district within the 20 calendar days call the Special Education Department and the local district and ask for the status of your request. *School Districts have 20 calendar days (N.J.A.C:-2.3 Parental, Notice, Participation and Meetings) from the time of receiving the letter to get back to you.

Positive Tips for Partnering with your School District:

- Share your child's story.
- Be your child's cheerleader and celebrate the successes
- Good Communication is key.
- Enjoy your child and celebrate their achievement in transitioning to pre-school.

Tips for Families for Preschool Disabled

page 3 of 4 - in Spanish

Consejos para las familias de personas con discapacidades en edad preescolar

Son muchos los beneficios de comenzar a tratar el desarrollo de su hijo/a. En el Estado de Nueva Jersey tenemos la suerte de contar con maravillosos programas para los niños que necesitan ayuda extra, a través de nuestros distritos de escuelas públicas. Es la oportunidad perfecta para participar de la educación de su hijo/a desde el comienzo.

Si usted, el médico de su hijo/a o el terapeuta tienen dudas sobre su desarrollo, puede realizar una evaluación gratuita en su distrito escolar local para determinar si puede recibir servicios gratuitos de educación especial durante los años de preescolar.

La Ley de Educación para Personas con Discapacidades (IDEA) identifica qué niños son elegibles para recibir servicios de educación preescolar especial.

Hay dos grupos de criterios:

- Requisitos de edad: Para recibir servicios de Educación especial preescolar, el niño debe tener por lo menos 3 años de edad. Los servicios de educación preescolar especial pueden continuar hasta que el niño comience o sea elegible para comenzar el jardín de infantes.
- Requisitos relativos a la discapacidad: Además de los requisitos de edad, para recibir servicios de educación preescolar especial, el niño debe (1) tener una discapacidad; Y (2) requerir educación especial y servicios relacionados debido a dicha discapacidad. (Código Administrativo de Nueva Jersey [N.J.A.C., por sus siglas en inglés] Sección 6A:14-1.1, Requisitos Generales)

Tips for Families for Preschool Disabled

page 4 of 4 - in Spanish

Pasos a seguir:

Comuníquese con su distrito escolar local para averiguar el nombre y la dirección del director o supervisor de servicios especiales.

Escriba una breve carta en la que describa las preocupaciones que tiene sobre su hijo/a. (Modelo en el reverso)

Puede enviar la carta al distrito escolar por correo, e-mail o entregarla personalmente. Registre quién recibe la carta y en qué fecha.

Si no tiene respuesta del distrito dentro de los 20 días corridos, llame al Departamento de Educación Especial y al distrito local y pregunte por el estado de su solicitud. *Los distritos escolares tienen 20 días corridos (N.J.A.C: 2.3 Padres, notificaciones, participación y reuniones) a partir del momento en que reciben la carta para ponerse en contacto con usted.

Sugerencias positivas para colaborar con su distrito escolar:

- Comparta la historia de su hijo/a.
- Aliente a su hijo/a y celebre sus éxitos.
- La buena comunicación es clave.
- Disfrute de su hijo/a y celebre el logro de pasar a preescolar.

Research Opportunity for Kids & Teens at Kessler Foundation

Scientists are researching whether an emotional processing program can improve the interpretation of others' emotions in children and adolescents following TBI.

Who is Eligible

- Adolescents who are 9-17 years of age
- Has sustained a Traumatic Brain Injury at least 1 year ago

Where

- This is a completely virtual study taking place using a HIPAA compliant online platform such as zoom health

Compensation

You will be compensated \$300 in total for completing this study. \$100 will be compensated after completion of baseline testing and \$200 will be compensated for completion of follow up testing after the 12-week intervention.

If you have any questions or you think an adolescent may be a good candidate for this study, email jleddy@kesslerfoundation.org or call 973-324-8429.

Project SEARCH Applications Now Available

Mission to Transition - Project SEARCH Applications Now Available

Project SEARCH is a one-year, intensive employment skills training program based inside Overlook Medical Center in Summit, NJ. Students spend an entire school year on-site at the hospital rotating through three different internship experiences. They also receive 90 minutes of classroom-based instruction per day on topics related to employability and independent living. Students are strongly encouraged to take public transportation to and from Overlook, and the program offers comprehensive travel training the summer before the program begins in collaboration with the NJ Travel Independence Program at Rutgers.

Project SEARCH is accepting applications on a rolling basis. We will schedule interviews with students and their families after all application materials are received.

To learn more about SEARCH visit:

Preparing your child for adulthood: Special Education Transition Rights

Online Event: Thursday, January 25, 2024 from
6:30pm to 8:00pm

Presented by: The Legal Assistance to Medical Patient Project (LAMP),
Legal Services of New Jersey

About this session: In New Jersey transition planning for post-school life begins at age 14. Eligible students' IEPs must begin to reflect the student's path to prepare them for future success for post-high school education, employment and independent living. This program will provide parents and guardians with a general understanding of what the special education laws and regulations require to be included in a child's IEP, along with links to resources, so the parent and/or child can advocate effectively for transition services.

Support on the Journey

Sesiones gratuitas por internet para cualquier persona que quiera entender el proceso de tutoría en New Jersey

Tema: La importancia de cuidarnos. Evento por internet:
martes, 30 de enero de 2024 de 10:00 am a 11:30 am

Sesiones gratuitas por internet para cualquier
persona que quiera entender el proceso de tutoría en New Jersey

Acerca de esta sesión: Es nuestro placer invitarlos a todos a que participen en una charla sobre la importancia de cuidarnos. Nuestra misión es darles a ustedes las herramientas necesarias para librarse de emociones negativas y ayudarles a enfrentar situaciones relacionadas con las necesidades especiales de sus hijos.

Buddy Ball
Special Needs Athletic League
PROGRESSIVE DIRECTIONS, INC.

What Is Buddy Ball?

Buddy Ball is a year-round, non-profit, special needs athletic league. We strive to provide non-competitive sports and special events to individuals who have physical, intellectual and/or developmental disabilities to give them an opportunity to play sports, regardless of their disabilities. There is a long list of sports that are part of the Buddy Ball program including bowling, street hockey, basketball, bowling, soccer, baseball and flag football. The nature of these activities teaches teamwork, promotes self-esteem, turn-taking, physical fitness, and social skills. The league also strengthens support networks for our athletes and their families.

The program serves adults and children ages 3 and up in Montgomery County and surrounding areas. There's no charge for participating in any of the sports or activities.

Featured sports are Basketball, Baseball, Bowling, Street Hockey and Swimming. Additional special events are the Buddy Ball Prom, Easter Egg Hunt, and a Christmas Parade.

We want to hear from Individuals with I/DD and their family members!

Participate in a Focus Group to share your perspectives on:

The ways in which people with I/DD from underserved communities and their families access information about services and supports.

Your feedback will help to inform the New Jersey Council on Developmental Disabilities about the ways in which information about supports and services can be most effectively shared in underserved communities.

To register, fill out the
[Pre-participation survey here](#)

Stipends will be provided to those who are selected to participate in the focus groups.

Infant Research Study at Rutgers

Institute for the Study of Child Development Where Science and Baby Minds Meet

The Institute for the Study of Child Development at the Rutgers Robert Wood Johnson Medical School invites you and your infant (4 – 24 months of age) to participate in a free research study on how infants learn about their world through vision and hearing and interaction, and how this might identify at-risk infants.

You together with your baby will watch a few short videos of moving objects and talking faces, and also spend some time interacting with each other face-to-face.

11:30 - 2:30

Ensuring Success of Neurodiverse Students in the Classroom

Students with Tourette Syndrome are frequently misunderstood in the classroom. When they are also very bright, students are designated twice-exceptional (2e), and school challenges can be compounded.

Using gifted characteristics, Jacqui discusses how 2e make classrooms more complicated for teachers and shares how teachers can both understand these wonderful students and help them thrive. This session is for teachers and parents who are not familiar with the ways in which classroom environments can be changed to support 2e students.

Dads Support Group

Better Together Dads Support Group

Fathers play a large role in their children's development. Our goal is to educate, equip and empower parents to become effective advocates for their children and to develop the parenting, coping and resilience skills needed to have a happy, healthy, and successful family.

This Support Group for Dads is a safe place for connection with other passionate dads, to learn innovative approaches to parenting; while building on their strengths; and supporting them, as necessary.

Join Us Every Month on the First and Fourth Thursday!

PLANNING FOR YOUR SPECIAL NEEDS CHILD

Take the first step towards securing a brighter future for your loved one.

Join us for an informative event where we will discuss **planning for your loved one!**

✧ 1. Secure Your Loved One's Future ✧

Ensure a stable and supportive future for your special needs family member with a customized estate plan. Our expert advisors specialize in crafting plans that address unique challenges and provide peace of mind.

✧ 2. Tailored Solutions for Special Circumstances ✧

Our team understands the intricacies of special needs situations. We'll work closely with you to develop personalized plans that safeguard assets, establish guardianship, and create a comprehensive support structure.

✧ 3. Preserve Eligibility for Government Benefits ✧

Navigating government benefit programs can be complex. Our specialists will guide you through the process, helping you structure your estate plan to protect eligibility for essential benefits while maximizing financial security.

✧ 4. Empower Your Loved One's Independence ✧

Design a plan that promotes independence and quality of life for your special needs family member. Our goal is to create a framework that supports their unique needs and aspirations, ensuring a fulfilling and secure future.

Date and time: Saturday, January 20 · 10am - 12pm EST

Location: 206 Westfield Avenue Clark, NJ 07066

Typically, people call the police because they are experiencing or perceive an emergency and need immediate assistance. In order to provide the most effective alternatives to calling the police or 911, unless otherwise indicated, the resources included here are limited to those that offer immediate assistance through emergency or crisis services.

Join us for lots of fun at Diamond Gymnastics!

Diamond's facility is the largest of its type in the area. It has been designed to accommodate girls and boys of all ages in the sport of gymnastics and gymnastics related activities (i.e. cheerleading / tumbling). The gym features a full complement of Olympic quality equipment including:

- 40' by 40' spring floor
- 2 in-ground trampolines
- 40' long tumble track trampoline
- In-ground foam pit with 25' high cargo net and rope swing
- Girls vaulting table, uneven bars and balance beam
- Boys parallel bars, still rings and pommel horse

Designed for safety and Fun!

This POAC event is for individuals with autism and their siblings. It's free for current POAC members and \$20 per family for non members.

NJ Dept. of Education: Providing Additional Services to Students with Disabilities Beyond Age 21

NJ Department of Education: Providing Additional Services to Students with Disabilities Beyond Age 21

The New Jersey Department of Education provided guidance to school districts, students, and parents/guardians of students with disabilities regarding the implementation of P.L.2021, c.109, which allows schools to provide additional or compensatory special education and related services to eligible students with disabilities beyond the age of 21.

The guidance includes information for school districts/LEAs about:

- The role of the IEP team in determining the need for additional services
- Sharing information with families about this legislation
- Dispute resolution

Reimbursements to school districts for providing additional services beyond age 21

Traumatic Brain Injury Board Members

Traumatic Brain Injury Survivor Board at the New Jersey Division of Disability Services

We are looking for a survivor of traumatic brain injury between the ages of 17 and 21 to serve as a member on the newly established survivor board. Please refer to the role and expectations outlined below to see if you or someone you know would be a good fit.

Role and expectations:

- Serve as a member on the NJ TBI Survivor Board and, along with the TBI Advisory Council, advise the NJ TBI Fund on pertinent issues and concerns.
- Contribute to discussions and activities in subcommittees based on experience and expertise. Subcommittees include:
 - Data Analysis and Evaluation
 - Consumer and Family Needs
 - Racial Equity
 - Resource Infrastructure and Service Providers Capacity.
- Assist in development of advocacy and prevention material and programs for TBI survivors in New Jersey.
- Convey the priorities and recommendations of the TBI Advisory Board to other relevant state or private boards, commissions, committees, or workgroups on which members participate.
- Update the TBI Advisory Board on the work of other relevant boards, commissions, workgroups, and committees.
- Contribute to discussions and implemented plans to coordinate services for individuals with traumatic brain injury.
- **If interested, please contact Sakina Ladha at: sakina.ladha@dhs.nj.gov**

Two federal programs for low income individuals: Lifeline and Affordable Connectivity

The Lifeline program and the Affordable Connectivity Program help make phone and internet service more affordable for low-income individuals. Eligible individuals also qualify for a free smartphone through the Lifeline program. If you participate in certain assistance programs like Medicaid, NJ SNAP or SSI, you automatically qualify for both federal programs. For additional information, please see this link:

<https://nj.gov/humanservices/home/digitalaccessforall.shtml>

Looking for safe, at-home activities to keep you and your family busy?

Our virtual program library is a free hub of on-demand activities that can be done from home by people with disabilities, their families, and service providers.

The library is expanding all the time and has activities in a wide variety of areas, such as arts, life skills, health and wellness, virtual clubs, and more.

Browse listings to find activities like:

- Participating in dance, yoga, and other movement activities
- Learning about internet safety
- Virtually touring places like Disney World and museums
- Making your own Jeopardy templates

Gas Voucher Transportation Assistance

Medicaid Program (Non-Emergency Transportation: N.E.T.): N.E.T. is a free program that offers gas money or transportation to Medicaid recipients. It pays for the expenses of taking a child to Medicaid covered doctor visits. This program provides reimbursement for travel to any non-emergent appointments, basically anything but an ambulance visit to the emergency room. Contact the Medicaid office (**number on the back of your Medicaid card**) to find out if you qualify. This is a reimbursement program. That means you must attend your appointments first, before you are paid. After you have applied for the services and are approved, you will receive a debit card in the mail. The funds will be electronically deposited to your card. You should plan on paying for your own transportation for up to three months. After that, you will have money on your debit card. Steps to take for the program:

- Call the phone number on the back of your Medicaid Card
- Select the appropriate option to connect
- Tell the service representative that you want to apply for the N.E.T. program
- Have available: your Medicaid card, your doctor's name, the date of your next appointment, and the doctor's telephone number

Other Resources:

-Salvation Army- Free gas vouchers, free gas cards for low income individuals and more general transportation help are offered at most Salvation Army locations. However, only a small number of individuals who apply for these resources will be accepted. Funding is extremely limited, and varies based on the cost of gasoline. The most common reasons for releasing funds are for help reaching school, doctor's appointment, job training, or an interview. Contact the Salvation Army or go into a local location to apply.

-Saint Vincent de Paul- Society of St. Vincent de Paul is one of the largest charity organizations. Contact the nearest Catholic Church in your town or county and inquire if they have a Society of St. Vincent de Paul Conference near you, people of all backgrounds and religions can get help. As funding and resources allow, if someone needs a bus token or free gasoline to get to a job interview or appointment, then St. Vincent may be able to provide this. Funding is very limited so only certain centers or churches will be able to offer gas.

-Local charities and religious organizations may provide financial assistance for gas or transportation.

On Track Resources

On Track Resources

We provide child study team services (case management, full child study team evaluations) to the Lakewood, NJ non public school system. We services 70+ schools through our contract with the Lakewood BOE.

Our Mission

To provide each child with a comprehensive evaluation in order to determine the best approach catered to each specific child.

From the Community Health Law Project

NJ Human Services Announces Partnership with Community Health Law Project to Increase Access to Legal Services for Deaf and Hard of Hearing Individuals with Lower Incomes

Human Services Acting Commissioner Sarah Adelman announced on July 26th that the Department has partnered with the Community Health Law Project to increase access to legal services for deaf and hard of hearing individuals with lower incomes.

The partnership is a collaboration between Human Services' Division of the Deaf and Hard of Hearing ([DDHH](#)) and Division of Mental Health and Addiction Services ([DMHAS](#)).

Through the partnership, eligible deaf and hard of hearing individuals can receive legal assistance and supports with matters related to their public assistance, health insurance, social security benefits, landlord-tenant disputes, foreclosure defense, family law issues, consumer protection and debt collection and more. In addition, CHLP is able to meet communication access needs including ASL interpreting and captioning.

[More Info](#)

Planning For Adult Life – Guardianship Matters

Why Guardianship Matters to You

In New Jersey, the age of majority is 18. This means that by this time an individual is presumed capable of making decisions as well as taking legal responsibility for those decisions. This law does not change if a child has a developmental disability. Parents do not automatically remain their child's natural guardian. For some adults who are incapable of making decisions, guardianship may be an avenue for parents, family members, or caregiver to ensure/determine their best interest. Obtaining guardianship is an extensive process and should not be taken lightly. Guardianship entails making decisions about where a person lives, what care and supervision is required, how to interact with the medical community and if the person is deemed incapable of making decisions, they will lose rights to vote, to drive, and to marry. Only a judge can decide a person's abilities and incapacitates and considers the person's needs before appointing a guardian. An assessment is done on the individual to measure their capacity for self-determination or skills in making decisions for themselves.

There are varying degrees of guardianship:

Full Guardianship

States that the individual cannot make decision on their own behalf. This allows for the Guardian to make all legal, financial, personal, and medical decisions for the individual.

Limited Guardianship

States that the individual may need some help in certain areas. This allows for the Guardian to help only in the areas determined by the court.

Conservator

States that the individual is not incapable of making decisions however, requires assistance in financial responsibilities. If an individual is capable of understanding what they are signing, there are options of assistance that does not require a judge.

Surrogate a substitute or person to carry out a certain duty or role instead of the individual.

Representative Payee

Allows for an individual or organization to be appointed to manage the Social Security and SSI for someone who cannot manage his or her money. A payee must use the benefits to pay for the current and foreseeable needs of the beneficiary and properly save any benefits not needed to meet current needs. Helpful Link: www.ssa.gov/pubs/EN-05-10076.pdf

Dual Power of Attorney

Allows for an individual to choose a surrogate to make financial and legal decisions as well as access the persons records.

Medical Power of Attorney

Allows for an individual to choose a surrogate to make medical decisions and to access records.

Advanced Directive/ Living Will

This allows for the individual to choose a surrogate to make decisions on what medical/mental health treatments a person would accept or refuse if or when unable to communicate their choice.

Autistic Volunteers are needed for a research Study

**Do you want help
managing depression?**

**Autistic volunteers are
needed for a research study!**

Researchers at Rutgers University are recruiting autistic adults for a research study to evaluate the efficacy of a 12-week mental health treatment designed to help with symptoms of depression

You may be eligible if you...

- Are at least 18 years of age
- Have a previous diagnosis of autism spectrum disorder
- Can understand English
- Have someone who will participate with you (e.g., parent, sibling, friend)

If you are eligible, you will be asked to complete:

- 12 therapy sessions (option online or in-person)
- Questionnaires and 4 assessment visits

If you participate, you will be compensated: Up to \$150 for completion of assessment visits

*If you are interested, please complete
the screening form at:*
redcap.link/depressiontreatment

If you have questions, email us at:
LifeSPANLab@gsapp.rutgers.edu

Date: 06/30/2021
Version: 1.0

Clinical Investigator: Vanessa Bal, PhD
604 Allison Road, Piscataway, NJ 08854

Title of Study: Adaptation of a Behavioral Activation
Treatment to Treat Depression in Autistic Adults

We're Recruiting!

Children's Specialized Hospital's **Research Center** strives to advance pediatric rehabilitation by initiating and supporting evidence-based studies that explore innovative interventions, technologies and approaches to specialized care for children and adolescents. See below for details on one of our current studies.

Study: Characterizing Action-Control in Healthy Children

This research study aims to understand how healthy children control their behavior and choose their actions. It involves completing paper-and-pencil measures, computer-based games, and brain magnetic resonance imaging (MRI). No contrast/dyes or injections will be used in the study. Results from this branch of the study will be compared to patterns of learning in children with ADHD to characterize any learning deficits in this population.

Who's Eligible?

- Healthy children with no prior medical diagnoses.
- Children between the ages of 6 and 10.
- Must be able to speak English well.
- Ability to play a computer- based game.
- Capable of undergoing an MRI scan (there will be a training session to make sure the child is able to undergo the actual MRI scan).

Participation in this study will include 2-3 visits to the following **Kessler Foundation** locations:

- 120 Eagle Rock Ave, Suite 100, East Hanover, NJ 07936
- 1199 Pleasant Valley Way, West Orange, NJ 07052

For more information, please contact:

Dr. Joman Y. Natsheh
Principal Investigator
973-391-7858, jnatsheh@kesslerfoundation.org

Michael Dacanay
Research Assistant
973-324-8453, mdacanay@kesslerfoundation.org

Participants will be compensated for their time and children who complete the MRI scan are eligible to receive a copy of the images and a certificate of completion.

[About Our Research Center](#)

Types of Medicaid Eligibility in NJ

TYPES OF MEDICAID ELIGIBILITY IN NJ

AGED, BLIND, OR DISABLED (ABD)

Supplemental Security Income (SSI) Medicaid

Provided automatically when a person with IDD is approved for SSI benefits. Apply for SSI at age 18 or above through your local SSA Office here: bit.ly/ssaooffices

Medicaid Only

For individuals with IDD who do not receive monthly SSI, but meet SSI income and resource limits. bit.ly/medicaidonly

NJ Workability

Offers healthcare to individuals with IDD ages 16–64 who are employed and whose income would disqualify them from other forms of Medicaid. bit.ly/njworkability

HOW TO GET IT

Apply for SSI at age 18
bit.ly/Apply4SSI
ABD Medicaid Application
bit.ly/ABDapplication

WHAT'S COVERED?

Doctor visits, prescriptions, x-rays, dental, lab testing, eyeglasses, mental health, hospitalization, specialist visits, hearing aids, Personal Care Assistant (PCA), Personal Preference Program (PPP)

For specific questions about Medicaid or the application process, contact Beverly Roberts at brobertsearchnj.org or 732-246-2567.

Disabled Adult Child (DAC)

For persons whose SSI ended because they received benefits from a parent who retired, became disabled, or died. Request for information (RFI) is for people who have DDD. bit.ly/dacmedicaid

New Jersey Care... Special Medicaid Program

For individuals with IDD with income below \$1,074/month. Contact your County Board of Social Services: bit.ly/njcbss

Long Term Services and Supports

Applies to younger individuals who need significant support, such as private-duty nursing, etc. bit.ly/longtermsupport

QUICK FACT

Medicaid is an entitlement-based program. Anyone who is determined eligible by the Medicaid Office has the right to receive Medicaid and its related services. Eligibility is not guaranteed.

NJ FAMILYCARE

- Also called Medicaid Expansion.
- Eligibility is based on income, not on the individual having a disability.
- The maximum monthly income limit increases each year.
- The maximum gross income for a single adult in 2021 is \$1,074/month.
- The individual cannot be listed as a dependent on their parent's tax return.
- The individual cannot receive Medicare.
- ABD is a better route if eligible.

HOW TO GET IT

Applicants must have financial eligibility.
NJ FamilyCare Quickstart
bit.ly/njfamilycare

QUICK FACT

Adults must have legal resident status for 5 years to be eligible. Children and pregnant women with legal resident status are eligible, regardless of length of residency.

WHAT'S COVERED?

Doctor visits, prescriptions, x-rays, dental, lab testing, eyeglasses, hospitalization, mental health, preventative screenings, regular checkups

Vaccinate to Keep Kids Healthy!

Vaccinate to Keep Kids Healthy!

Preventing disease is always better than treating it. Vaccines protect against diseases that once caused serious illness, disability, and death, including COVID-19. By using small amounts of antigens, or germs that cause the immune system to react, vaccines help your child's body recognize and learn to fight off serious and potentially deadly diseases. Following the **recommended immunization schedule** helps ensure that your child is protected from 14 diseases before the age of 2, such as:

- Polio
- Measles
- Whooping Cough
- Flu
- Mumps
- Chicken Pox

Did You Know?

Children with disabilities are at higher risk for vaccine-preventable illnesses. They may also have more significant illness, prolonged hospitalization, and greater risk of mortality. The American Academy of Pediatrics (AAP) suggests children with disabilities follow the CDC's immunization recommendations to promote optimal health.

Vaccine Facts

The CDC estimated that vaccination of children born between 1994 and 2018 prevented:

- 419 million illnesses
- 26.8 million hospitalizations
- 936,000 deaths

Questions or Concerns?

Vaccines are safe and effective. They are rigorously tested by research from top doctors, public health professionals, and scientists. Serious side effects are very rare. Your child's health care provider can answer any questions and share up-to-date information about all vaccines recommended to keep your child healthy, including COVID-19 vaccines and boosters.

<https://www.cdc.gov/vaccines/parents/index.html>

¡Vacunas para mantener a los niños sanos!

¡Vacunas para mantener a los niños sanos!

Es mejor prevenir una enfermedad que tener que tratarla. Las vacunas protegen contra afecciones que, alguna vez, causaron enfermedades graves, discapacidad y muerte, incluida la COVID-19. Mediante el uso de pequeñas cantidades de antígenos o gérmenes que hacen que el sistema inmunitario reaccione, las vacunas ayudan a que el cuerpo de su hijo reconozca y aprenda a combatir enfermedades graves y potencialmente mortales. Seguir el **calendario de vacunación recomendado** ayuda a garantizar que su hijo esté protegido contra 14 enfermedades antes de cumplir los 2 años, incluidas las siguientes:

- Polio
- Measles
- Whooping Cough
- Flu
- Mumps
- Chicken Pox

¿Sabía que...?

Los niños con discapacidades tienen un mayor riesgo de contraer enfermedades que se pueden prevenir con vacunas. Además, pueden tener una enfermedad más importante, una hospitalización prolongada y un mayor riesgo de mortalidad. La American Academy of Pediatrics sugiere que los niños con discapacidades sigan las recomendaciones de vacunación de los Centers for Disease Control and Prevention a fin de promover una salud óptima.

Datos sobre las vacunas

Los CDC estimaron que las vacunas de los niños nacidos entre 1994 y 2018 evitaron:

- 419 millones de enfermedades
- 26.8 millones de hospitalizaciones
- 936,000 muertes

¿Tiene Preguntas o inquietudes?

Las vacunas son seguras y efectivas. Están rigurosamente probadas por investigaciones de los mejores médicos, profesionales de la salud pública y científicos. Los efectos secundarios graves son muy poco frecuentes. El proveedor de atención médica de su hijo puede responder cualquier pregunta y compartir información actualizada sobre todas las vacunas recomendadas para mantener a su hijo saludable, incluidas las vacunas y los refuerzos contra la COVID-19.

Obtenga más información de los CDC sobre las vacunas para su hijo:
