

CSHBrainInjury

Center of Excellence

RWJBarnabas
HEALTH

Children's
Specialized
Hospital

The mission of **CSH Brain Injury** is to be the premier center for Pediatric Brain Injury Acute Rehabilitation by offering an outcomes-driven, multidisciplinary, comprehensive, and family-centered approach to help all children achieve their fullest potential.

● SERVICES

We recognize the importance of clinical innovation and timely treatment to optimize patient outcomes and improve access to multidisciplinary and comprehensive care through inpatient and outpatient services.

● TRAINING

We strive to educate the world on the needs and strengths of individuals with acquired and traumatic brain injuries, to improve access to and quality of supports throughout the community.

● ADVOCACY

We appreciate diversity and support individuals we serve in their pursuit of functional independence and social, health care, and educational equity. We also recognize the critical role of social determinants to an individual's health.

● RESEARCH

We are dedicated to the scientific exploration required to better understand and effectively support individuals with acquired and traumatic brain injuries.
