

# World-class care for children with special health needs

## ABOUT CHILDREN'S SPECIALIZED HOSPITAL

**Children's Specialized Hospital is the nation's leading provider of inpatient and outpatient care for children from birth to 21 years of age facing special health challenges - from chronic illnesses and complex physical disabilities like brain and spinal cord injuries, to a full scope of developmental, behavioral and mental health concerns. At many locations across the state of New Jersey, our pediatric specialists partner with families to make our many innovative therapies and medical treatments more personalized and effective so each child can reach their full potential.**
