

# NEW AUTISM AND NEURODIVERSITY STUDY: FAMILIES AND SELF-ADVOCATES: WE NEED YOUR HELP

In this research study, we're trying to improve care for neurodivergent children and their families. You are eligible for the study if you are 18+, have received care at CSH, and have a diagnosis of autism OR are a parent of a child/adult with autism. This study, "Improving Neurodivergent Children's Health: A Study of Best Practices and Next Steps" includes:

- A Zoom interview (no more than 60 minutes)
- You will receive a \$25 giftcard for your participation.
