

Get involved Corporate Volunteering in your community

Discover how your team can help brighten the lives
of children with special health challenges.

Thank You!

Thanks for your interest in volunteering at Children's Specialized Hospital. Your participation provides a unique opportunity for your company to get involved while directly impacting the lives of children and families in your community.

Each activity requires a minimum donation to cover the cost of your materials for the day, as well as allowing your group to designate how any remaining funds will be used. Please take a moment to review our volunteer levels and then [complete the online application](#) to schedule your visit.

Volunteer Opportunity Levels

WALL OF WINDOWS - \$1,000 donation

Your team will offer their creativity to help decorate our Wall of Windows. Located at the Children's Specialized Hospital in New Brunswick, these window boxes are seen by patients and families as they walk through the Hall of Transformation.

- All materials will be provided
- Participants will receive a tour of the in-patient site

Volunteer Opportunity Levels

LET'S PARTY! - \$1,500 donation

Help brighten the spirits of children and families by providing a special meal. Who's up for pizza?! Screaming for ice-cream?... Whatever meal you choose to serve, it's sure to bring a smile to many faces. Meals are served at our New Brunswick location.

- All materials will be provided
- Volunteer capacity is 15-25 (max) for this opportunity
- Participants will receive a tour of the inpatient site

Volunteer Opportunity Levels

SUPER STUFFER*

Don't have time to join us onsite to volunteer? No problem! We offer offsite volunteer days which can be completed at your office. Many hands make for light work when helping to create welcome bags, weekend snack packs or activity bags for our children and families. Choose one of these great options:

- **Welcome Bags** – Often when children and families arrive, it is with little or no preparation. To help ensure the transition to our hospital is as smooth as it can be, we provide essential supplies to make them feel more at home.

Volunteer Opportunity Levels

SUPER STUFFER (CONTINUED)

- **Weekend Snack Packs** – One of the biggest burdens families face while their child is living in our inpatient hospital is feeding themselves during their child's stay. Help nourish families by providing a care package filled with goodies to eat so they have one less thing to worry about during their stay.
- **Activity Bags** – Give the kids of Children's Specialized Hospital the gift of creativity and fun by making personalized craft bags! These activity kits are used both in therapy and during the patient's free time.

*Bag and contents to be provided by volunteers as an in-kind donation

Thank You!

Ready to schedule your organization's volunteer service day?

Please [complete the online application](#) to share with us a little more about your group and availability. Questions? Please contact Sara MacDuff, Director of Sponsorships and Engagement at smacduff@childrens-specialized.org.
