One Source EAP Connections

May is Mental Health Awareness Month

May 2021

Each May since 1949, Mental Health Awareness Month has been recoginzed in the US to increase understanding of mental illnesses. This year's theme is **Tools 2 Thrive**.

Tools 2 Thrive focuses on six topics: • Adapting After Trauma and Stress • Processing Big Changes • Getting Out of Thinking Traps • Radical Acceptance • Taking Time for Yourself • Dealing with Anger and Frustration.

The pandemic has brought on emotional trauma associated with illness, loss, isolation and more. A December 2020 US Census Bureau survey indicated, 41% of respondents reported symptoms of anxiety or depression - almost four times more than 2019.

There are many **Tools 2 Thrive** available through One Source EAP to support your well-being. From seminars and original videos to sessions with licensed clinicians,

Should you need support at any time, One Source EAP can help. To use your benefit,

call (800) 300-0628. The Access Center is open 24/7/365.

Visit our <u>website</u> for information and additional resources.
