

RWJBarnabas Health
Presents...

2023 CPT Coding Program

Thursday, February 9, 2023
11:00 am - 1:00 pm
at the Lobster Shanty in Point Pleasant, NJ

RWJBarnabas Health will be offering a 2023 CPT® Coding Program to get you prepared for the 2023 CPT® code changes.

2023 CPT® Coding Changes

RWJBarnabas Health will be offering a 2023 CPT® Coding Program presented by Jean Buble, Senior Vice President Case Management, HIM and CDI. Join us for lunch at the Lobster Shanty in Point Pleasant, NJ on Thursday, February 9, 2023 from 11:00 am - 1:00 pm as we highlight the most important CPT Coding changes and their impact for the physician offices in 2023.

Objectives:

Each year, there are always important code changes to learn and this year is no exception! The CPT® Coding changes for 2023 include 225 New codes, 93 Revised codes, and 75 Deleted codes. There are coding and guideline changes in every section of the CPT® 2023 Code Set with the exception of Anesthesia.

During this luncheon program, you will learn that the most significant changes are to the Evaluation and Management (E/M), percutaneous pulmonary artery revascularization, hernia repairs, lab and pathology as well as COVID-19 vaccination codes. Also added are two new appendices for artificial intelligence (AI) taxonomy (Appendix S) and synchronous real-time interactive audio-only telemedicine services (Appendix T).

CPT® Coding Changes for 2023

Thursday, February 9, 2023
