Invest in Excellence

Donor support allows us to provide advanced training, education and equipment for our dedicated staff at JCMC. This year our donors funded training programs for our Gastroenterologists and the expansion of our Graduate Medical Education program. This ensures that our teams stay at the forefront of medical knowledge and hone their clinical skills, translating to the highest quality care for all our patients. Your support fuels this culture of excellence.

Hudson Gives

A huge thank you to our Hudson County community who supported our Hudson Gives Campaign. This online fundraising campaign unites the community to support Hudson County Nonprofits. The JCMC Foundation participated in the campaign for its 5th year by raising funds for our Green Apple Rx Food FARMacy, which provides Hudson County residents who are food insecure or have a chronic disease such as diabetes, obesity, or hypertension access to fresh, healthy food, and nutritional counseling. Our 2024 campaign raised \$8,250 for patients in need.
