

Saint Barnabas Medical Center
Renal & Pancreas Transplant

As a Medicare-approved kidney and pancreas transplant program, we are required to provide you with our most recent one year patient and graft survival data.

The following information reflects outcomes for patients for the following time period:

January 1, 2018 through March 12, 2020

PEDIATRIC KIDNEY RECIPIENTS

% of Kidneys that were working at 1 Year after transplant

94.74% Actual % at Saint Barnabas Medical Center

98.06% Expected %, as calculated by The Scientific Registry for Transplant Recipients

98.08% National % of all transplant centers

% of kidney patients who were alive at 1 Year after transplant

100.00% Actual % at Saint Barnabas Medical Center

99.51% Expected %, as calculated by The Scientific Registry for Transplant Recipients

99.51% National % of all transplant centers

The “expected” calculations take into account the medical background and disease severity of the patients actually and specifically transplanted at Saint Barnabas Medical Center during the time period above.
