

## Launching the Vogel Medical Campus — Quick Facts

Plans for the **Vogel Medical Campus** located in Tinton Falls include a modern acute care hospital and outpatient center offering expanded resources across emergency services, maternal health, and ambulatory surgery. New facilities at the Vogel Medical Campus would be designed for maximum flexibility to enhance Monmouth Medical Center's commitment to providing the highest quality, innovative care while keeping patient and staff safety and comfort top of mind.

The **Specialty and Cancer Care Center** at the **Vogel Medical Campus** currently under construction at the Vogel Medical Campus and expected to open to patients in 2027 will provide comprehensive outpatient cancer care with access to innovative treatment options, including precision medicine, cellular therapies, and the latest clinical trials.

- The **acute care hospital and outpatient center** will elevate health care for patients, families, and caregivers across Monmouth County.
- The **252-bed** acute care hospital will feature **100% private rooms, a full-service Emergency Department, surgical suites, labor and delivery, maternity care, and inpatient pediatrics, including a NICU, and PICU.**

- The **five-story, 150,000-square-foot** outpatient facility will provide surgical services, screening and diagnostic imaging, and specialty care, alongside the cancer center.
- **Cancer Care** provided in partnership with **Rutgers Cancer Institute** – New Jersey’s only National Cancer Institute-designated Comprehensive Cancer Center, would provide comprehensive outpatient cancer care with access to precision medicine, cellular therapies, and the latest clinical trials.
- Supportive patient amenities to promote **whole-body healing**:
  - Comfortable, **private** treatment spaces
  - **Family-centered** waiting and consultation areas
  - Access to **wellness resources, including an Integrative Health Suite**.
- Designed with **patients, families, and caregivers at the center** — creating an exceptional experience that enhances healing, recovery, and dignity.
- **Advanced diagnostics** — including computed tomography (CT), magnetic resonance imaging (MRI), and other state-of-the-art imaging services.
- Access to **research-informed oncology care** through partnership with Rutgers Cancer Institute, ensuring patients receive the most up-to-date, evidence-based treatment options close to home.
- Designed for flexibility to **meet evolving patient needs, enhance safety, and support innovation** in care delivery.
- **Ample and accessible parking, clear walking paths, and a location near the Garden State Parkway and other major roads for ease of access.**
- **Transportation provided** for those who need it through RWJBarnabas Health’s rideshare partnerships, ensuring access to care at both the Tinton Falls and Long Branch campuses.
- A cornerstone of the system’s vision to **bring world-class, equitable care closer to where people live** — ensuring access for all members of the community, including the underserved.
