

Welcome Back.

Jacqueline M. Wilentz Breast Centers:

# Ready to see you.

It's safe for you to come back: Don't delay your breast health care.

## Your personal protection is our #1 priority.

If you've put off any medical care due to COVID-19, please don't delay it any longer. As a high reliability organization, we've taken every precaution and continue to provide health care services in adherence to all public health guidance and regulatory policies.

Our staff, physicians and facilities are prepared to help you with all of your breast care needs. Early detection saves lives, and your health is too important to wait. Our team is here to answer your questions and provide you with the support you need to calm any anxiety that you may have about coming to the hospital or satellite location.

## Keeping everyone safe

### Protecting Patients, Visitors and Staff

- Adherence to the guidance and established criteria of the Centers for Disease Control and Prevention (CDC), the American Hospital Association, leading national associations of nurses, surgeons and anesthesiologists, and the New Jersey Department of Health.
- Enhanced cleaning and disinfection throughout our centers and in all rooms, including equipment and surfaces, frequently and between patients.
- Active screening of team members, patients and visitors for COVID-19 symptoms upon entry.
- Requiring all patients and staff to wear a hospital-issued mask, per CDC universal masking guidelines and our RWJBarnabas Health mask policy.
- Following strict social and physical distancing measures — spacing chairs at least six feet apart and minimizing time in waiting areas.
- Strict hand hygiene and availability of hand sanitizer in all employee and patient areas.

To make an appointment, call 732-923-7700, option 1.
