Congratulations

to all those recognized at the

16TH ANNUAL PARTNERS IN PROGRESS AWARDS

Committed to Newark for more than 140 years, we continue to see the promise of prosperity.

In 1875, Prudential founder John Dryden chose Newark as the home for an idea that would change America forever: life insurance for everyday families.

Today, we're doing more than ever to champion the aspirations of Newark families. Through partnerships across the city, we're creating avenues for new ideas and technologies to emerge. For businesses, nonprofit organizations and educational institutions to thrive. And to help individuals achieve the promise of prosperity for generations to come.

We began with a sense of purpose that lives on today in our commitment to Newark and communities around the world.

Prudential is proud to support Newark Beth Israel Medical Center celebrating Newark Partners in Progress. Congratulations to all of the honorees.
