

Newark Beth Israel Medical Center

RWJBarnabas
HEALTH

Let's be healthy together.

Dear Neighbor,

Beginning Thursday, May 20, 2021, Newark Beth Israel Medical Center will embark on the largest expansion of our facility in the last 50 years.

To accommodate this project, Osborne Terrace, between Lehigh Avenue and Lyons Avenue, will temporarily become a one-way street, with all traffic directed north towards Lehigh Avenue. In addition, parking will be suspended on the hospital side of Lyons Avenue, from Osborne Terrace to Schuyler Avenue; construction barriers and signage will be in place to navigate the detours.

This phase of the expansion project and these temporary traffic detours are expected to run through May 2022.

Highlights of this historic expansion:

- A new main 17,000 sq. ft. glass-enclosed main lobby with entrances on Lyons Avenue & Osborne Terrace
- Modern seating areas with new cafes and gift shop
- Community meeting spaces
- A new 3-story addition on Lyons Avenue
- An expansive registration area
- Expansion of the adult and pediatric emergency departments
- Expansion of the Intensive Care Units
- New Geriatric Medical-Surgical Unit
- Expanded ORs
- Expansion of the Cardiac Cath Lab suite
- A dedicated center for all Advanced Heart Failure Treatment and Transplant services

We are excited to create these modern spaces that reflect the world-class care we deliver to our patients and our ongoing commitment to you, our neighbors.

We thank you for your patience as we begin this transformation of our facility and the surrounding community and we will continue to update you on our progress. If you have any questions or concerns please visit our website at www.rwjbh.org/nbiexpansion or call Bryson Palmer, Assistant Vice President of Operations at 973-926-7809.

Sincerely,

A handwritten signature in black ink, appearing to read "Darrell K. Terry, Sr.".
