

OUR DOCTORS

MEDICAL ADVISORY PANEL

Robert Wood Johnson University Hospital Hamilton is committed to promoting, preserving and protecting the health and well-being of our community. One way we achieve this is through community health education and outreach opportunities. We look to our Medical Advisory Panel - some of the area's top physicians and experts - to provide guidance and share their expertise as we continually improve existing programs and develop new offerings. These professionals represent a variety of specialties and diversified viewpoints in healthcare; the quality of our programs reflects the expertise of our MAP members and the strength of this partnership.

For a complete list of Medical Advisory Panel members, please see reverse or visit rwjbh.org/HamiltonMAP.
