

# WE MADE AN **IMPACT** TOGETHER

Nearly  
**300K**  
Outpatient visits  
including  
COVID-19 vaccinations

Over  
**2,300**  
physicians  
practicing  
at RWJUH

More than  
**20,000**  
surgeries  
performed

6th Consecutive  
**Magnet® recognition  
for nursing excellence**

For the past 40 years, RWJ University Hospital Foundation has helped sustain the important work of Robert Wood Johnson University Hospital (RWJUH)—ranked among America’s Best Hospitals for six years in a row. Through fundraising efforts, the Hospital has received millions of dollars in support of such landmark initiatives as The Heart Center of New Jersey and The Bristol-Myers Squibb Children’s Hospital at RWJUH... and many more that touch the lives of thousands of patients and their families. Without the generosity of donors like you, it would not be possible to make these important investments and remain at the leading edge of patient care. **Thank you for your support.**

# WE MADE AN IMPACT TOGETHER

Following a rigorous re-designation process, RWJUH achieved Magnet® recognition for nursing excellence from the American Nurses Credentialing Center (ANCC) for the sixth consecutive time. **RWJUH is one of only seven organizations internationally to receive this distinction.** *“Achieving Magnet recognition six consecutive times is remarkable and truly reflects our amazing nursing team’s culture and dedication,”* said Bill Arnold, President and Chief Executive Officer for RWJUH.

Dr. Sammy Elsamra, a Urologic Surgeon and Director of Robotic Surgical Services, celebrates his 500th minimally invasive procedure with the da Vinci robot.

RWJUH is a regional and national leader in minimally invasive robotic surgery to treat a broad range of complex medical conditions. **The program performs more than 1,000 procedures per year.** It features fellowship-trained surgeons and a multidisciplinary team with clinical expertise across many disciplines who are highly focused on achieving quality outcomes.

**Awarded Second Consecutive Gold Seal of Approval by The Joint Commission for Total Hip and Knee Replacement Certification**

**Only Gold Seal-Certified Bariatric Program in the State  
One of Only Seven Nationally**

**Recognized by The Joint Commission and the American Heart Association as meeting the standards for Disease-Specific Care Comprehensive Stroke Center Certification**

## It's our 20th anniversary!

For the past two decades, The Bristol-Myers Squibb Children's Hospital (BMSCH) at Robert Wood Johnson University Hospital has delivered the highest level of care for children and their families. In partnership with the Rutgers Robert Wood Johnson Medical School, BMSCH is at the center of a true pediatric academic health campus – bringing together clinical research, the latest therapies and the nation's top physicians and nurses – to treat complex pediatric illness. In honor of this special milestone, the hospital received a \$2.5 million commitment from The Bristol Myers Squibb Foundation to support a dedicated pediatric infusion center. Thanks to the support of our donors, community and partners, BMSCH has flourished as an institution where medical and surgical specialists provide unparalleled academic and clinical capabilities.
