

PEDIATRIC EMERGENCY DEPARTMENT

A UNIQUE PROGRAM

- NJ's **FIRST** ACS-designated Pediatric Trauma Center.
- Recognized five times as one of "America's Best Children's Hospitals."
- A **standalone ED** devoted to pediatric emergency medicine.
- Board-certified emergency-medicine physicians **present** in the department **24-hours-a-day** and certified in moderate sedation.
- Nurses specialized in advanced pediatric care.
- **No wait, direct bedding** and bedside triage and registration.
- Bedside echocardiograms, real-time fluoroscopy and EEG's also performed in the ED with no need to move the patient.
- Pediatric Telemedicine

The Pediatric Emergency Department at The Bristol-Myers Squibb Children's Hospital is a standalone department that treats children of all ages for minor injuries as well as serious and life-threatening illnesses.

FOR REFERRING PHYSICIAN OFFICES

The Pediatric ED offers an office preparedness program where our clinical experts visit physician offices to educate physicians and staff on the appropriate protocol for emergency situations.

- Call ahead service for physicians sending patients.
- Provide communication and feedback to referring physicians for all ED visits.
 - All physicians receive a faxed note alerting them that their patient was in the ED.

PEDIATRIC EMERGENCY DEPARTMENT

WHAT A PLACE!

CAMPUS HIGHLIGHTS

- The largest **Pediatric Intensive Care Unit** in the state, ED patients will experience a seamless transition from our emergency department and have access to board-certified pediatric intensivist coverage 24/7.
- Cross collaboration with pediatric subspecialty services including **pediatric orthopedics, radiology, general surgery, ENT and Urology**.
- Through the pediatric emergency department, children with cancer have access to the state's only **NCI-designated cancer program** at Rutgers Cancer Institute of New Jersey.
- Access to a Level III **Neonatal Intensive Care Unit**.
- State-of-the-art **Center for Advanced Pediatric Surgery**.
- Part of New Jersey's **ONLY** pediatric academic health campus which also includes:
 - The Child Health Institute of New Jersey at Rutgers Robert Wood Johnson Medical School
 - The Bristol-Myers Squibb Children's Hospital at Robert Wood Johnson University Hospital
 - PSE&G Children's Specialized Hospital for rehabilitation
