

# PEDIATRIC TRAUMA CENTER

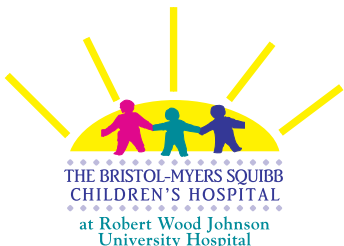

## NEW JERSEY'S ONLY PEDIATRIC TRAUMA CENTER

### ABOUT THE HOSPITAL

- Verified by the American College of Surgeons as a Pediatric Trauma Center, meeting strict standards of performance improvement process and trauma outcomes.
- Pediatric trauma surgeons available 24/7.
- Standalone Pediatric Emergency Department devoted to pediatric emergency medicine with a physician present in the department 24/7 certified in moderate sedation.
- Inpatient pediatric intensive care unit and pediatric resuscitation equipment in all patient areas.
- Dedicated operating room for trauma surgery use.
- Ongoing enhancements in the care of the pediatric trauma patient through the trauma performance improvement and patient safety program.

For more information, contact Dawn Tortajada,  
Pediatric Trauma Program Manger: 732-418-5246.

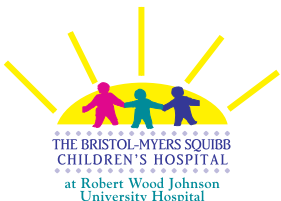

# PEDIATRIC TRAUMA CENTER

## NEW JERSEY'S ONLY PEDIATRIC TRAUMA CENTER

### PROGRAM HIGHLIGHTS

- More than 100 annual pediatric trauma hospital admissions of children younger than 15 years.
- Programs including Pediatric Transport, Child Life and family support, pediatric social work, child protective services, pediatric injury prevention, and community outreach and education of health professionals.
- Care that expands the entire pediatric trauma spectrum, from EMS responders through pediatric trauma resuscitation, critical care, and recovery.
- Nurses specialized in pediatric trauma care.
- A continuum of care from acute trauma care to injury prevention and pediatric trauma education.
- Leadership role in serving as a state resource for the care of injured children in our region.
