CLINICAL REQUIREMENTS Spring 2023

NURE 132, 231, 232, 250, 260/270, 280, 290/291

***If you are a re-entry or readmitted student for this semester, please refer to those instructions**

Please use the following information as a guide to assist you in completing your clinical requirements. All must be submitted through CastleBranch.

All must be completed to allow on-time registration.

Documents must be uploaded by December 14th to guarantee on-time registration. TSON Administration needs time to verify all students' individual requirements.

Read carefully!!

Why complete by due date?

Administration needs time to view all students CB records to clear each student for registration. Students who do not complete all required clinical requirements by due date will not be eligible to register on posted registration date for their course sections. Registration will be delayed until all requirements are met. Late registration limits your available clinical and lecture sections.

Why are the clinical requirements mandated by TSON?

Trinitas School of Nursing has contractual agreements with all clinical sites. These sites require all clinical requirements to be met by students prior to the start of clinical. Clinical experiences are mandatory for program completion and the success of nursing students. Unmet clinical requirements incurred by students can affect our contractual agreements and cause the contractual agreement to be forfeited.

What do I do if a document is "rejected"?

If a document is rejected, **read the reason**, and **correct**. Contact Castlebranch for assistance, if needed.

How do I know if I must renew a requirement in CastleBranch, if I see the Green Checkmark/Complete in CB?

The green checkmark/complete in CB indicates your document was approved and may be current per the document expiration date. **However, students must adhere to the TSON guidelines of required current documents**. Requirements **must not expire** within the **semester**; you are registering for. This refers to **TB results, Liability Insurance, CPR, Code of Conduct, Attestation Form**. See below.

***If you are a re-entry or readmitted student for this semester, please refer to those instructions**

How can I upload an “early renewed” document?

Open your CastleBranch tracker, use “live chat” option to request, “early renewal” of document. This may be required for requirements that will expire within the semester. TB results, flu vaccine, liability insurance, CPR, Attestation and Code of Conduct forms, and LPN license. TSON Administration must be able to view documents in CB only.

I am registering for NURE 132, 231, 232, 250, 280, 290/291, which requirements do I need to update?
