

Trinitas Regional Medical Center

Trinitas Regional Medical Center (TRMC), an RWJBarnabas Health hospital, is a major center for comprehensive health services for those who live and work in Central New Jersey. Trinitas is a Catholic teaching medical center with Catholic oversight by the sisters of Charity of Saint Elizabeth.

Trinitas Comprehensive Cancer Center, together with Rutgers Cancer Institute, the state's only National Cancer Institute-designated Comprehensive Cancer Center, are at the forefront of cancer research, prevention, diagnosis and treatment of routine, rare and complex cancers. Our multidisciplinary team of nationally recognized oncologists, nurses and oncology support professionals provide the most advanced treatment options to ensure a compassionate, comprehensive and personalized approach to diagnosing and treating cancer.

The Connie Dwyer Breast Center offers the latest in comprehensive breast health services including mammograms, 3D mammograms, breast MRI, genetic testing, fellowship-trained breast surgeons and more. Our multidisciplinary team provides access to the most advanced screening and treatment options for breast cancer including complex surgical procedures, radiation therapy techniques, clinical trials, immunotherapy and precision medicine.

Trinitas Behavioral Health and RWJBarnabas Health Behavioral Health, together with Rutgers University Behavioral Health Care (UBHC), provide nearly 200,000 outpatient behavioral health visits annually. The most comprehensive integrated mental health and substance use treatment services in the state are provided at our New Point Campus to children, adolescents, adults and seniors. The Healthcare Foundation of NJ Center for Autism & Developmental Disabilities serves adults with intellectual and developmental disabilities, as well as co-occurring mental disorders. We also offer Electroconvulsive Therapy (ECT), a modern, safe, treatment for certain severe psychiatric disorders performed in a dedicated surgical suite with a team of health professionals.

Trinitas' long experience and expertise in Dialectical Behavior Therapy (DBT) resulted in the establishment of the Trinitas Institute for Dialectical Behavior Therapy and Allied Treatments. DBT is considered the gold standard for treating individuals who struggle with emotional regulation.
