

INNOVATION NEVER STOPS. NEITHER CAN WE.

Donors are making New Jersey’s first free-standing cancer hospital a reality

The new Jack and Sheryl Morris Cancer Center, scheduled to open in early 2025, will be a state-of-the-art, free-standing cancer hospital featuring outpatient and inpatient capacity coupled with research laboratories, retail space and ancillary services devoted to patient wellness. **This innovation will be the first of its kind in New Jersey and will expand and transform adult and pediatric oncology services.**

Outpatient Care

84 infusion bays, 74 exam rooms, advanced radiology including four linear accelerators, diagnostic equipment (CT, MRI, mammogram and other equipment with core lab), pharmacy facilities and outpatient urgent care.

Inpatient Care

96 inpatient beds on three floors, a dedicated floor for surgical and procedure rooms (up to 11 total), a central sterile processing area and inpatient support spaces.

Research

Wet lab facilities and equipment to support 10 research teams, clinical trial offices and faculty offices.

Let’s beat cancer together.

WE MADE AN IMPACT TOGETHER.

Transforming cancer treatment in New Brunswick and beyond

Cancer touches the lives of everyone – and we believe that people should not have to travel to New York or Pennsylvania to get great cancer care. It has been our vision, hope, and dream to have the top cancer center in the nation right here in New Brunswick.

Jack Morris

Founding Chair, RWJBarnabas Health Board of Trustees and Chair, Robert Wood Johnson University Hospital, Board of Directors

We have a shared mission of conquering cancer. This incredible new facility will provide hope to those who walk through its doors, and inspiration to our teams of researchers and clinicians who work closely to bring the most advanced treatment options to our patients, close to home. Join us as we transform oncology services at New Jersey's only National Cancer Institute-designated Comprehensive Cancer Center.

Steven K. Libutti, MD, FACS

Senior Vice President, Oncology Services, RWJBarnabas Health and Director, Rutgers Cancer Institute of New Jersey

You are our vital partner in the fight against cancer

Donors who support oncology services give us the building blocks to fight cancer while ensuring our patients have access to the best, most comprehensive care available, right here in New Jersey. Donor support gives hope and helps to accelerate advances in the fight against cancer. Stand with us in our commitment to provide leading-edge oncology services for our patients and their families.
