

53rd Annual Employee Service Awards

This year, we celebrate our 53rd Annual Employee Service Awards and honor more than 575 employees for their outstanding service to Cooperman Barnabas Medical Center and Sodexo. The combined years of service for this year's honorees are but one example of the loyalty and dedication of our employees to RWJBarnabas Health and our patients. Though COVID-19 Pandemic precautions prevented us from celebrating in person, in keeping with tradition, each honoree received a complimentary meal in the cafeteria and those celebrating 10 years or more received Recognizing You Rewards. In addition, special presentations, pictured in this issue, were made to those celebrating 35 years of service or more.
