TO: Chief Financial Officers

Admitting Managers
New Jersey Acute Care Hospitals

FROM: Robert T. Neuhoff 
Director
Hospital Finance and Charity Care

SUBJECT: 2021 Charity Care Eligibility Criteria

Enclosed are the charity care income criteria which will be effective on March 15th, 2021. The changes reflect the newly issued federal poverty guidelines that are adopted by reference in the charity care rules at N.J.A.C. 10:52-11.8(b) and (c).

Also, a copy of the 2021 Annual Update of the Department of Health and Human Services' Poverty Guidelines, as published in the Federal Register is attached. Please distribute this document to all hospital personnel involved in reviewing patient eligibility for the New Jersey Hospital Care Payment Assistance Program. As you are aware, the federal government no longer defines "income." Charity care policies are based on the prior federal definition of "income" and will continue unchanged.

Please remember that the income criteria which were in effect at the time of the applicant's date of service are the criteria which should be used for the charity care eligibility determination.

If you have any questions, please call Luz Vlachos at (609) 292-4709.

This notice does not provide definitions of such terms as “income” or “family” as there is considerable variation of these terms among programs that use the poverty guidelines. The legislation or regulations governing each program define these terms and determine how the program applies the poverty guidelines. In cases where legislation or regulations do not establish these definitions, the entity that administers or funds the program is responsible to define such terms as “income” and “family.” Therefore questions such as net or gross income, counted or excluded income, or household size should be directed to the entity that administers or funds the program.

Acting Secretary, Department of Health and Human Services.
